**Are you just starting out in business or a business owner that wants to grow your business?**

The Soul Star Reading for Entrepreneurs **will help you to align with your energetic and *Financial Abundance* in 3D, 4D and 5D!**

### **Prerequisites for this reading:**

1. The personal [Soul Star Reading](#). You must have done the Soul Star Reading for personal growth before you sign up for this reading – or this reading won't make sense to you!
2. You must also have begun to launch your business and *either* have some funding *or* just a few interested (or even paying!) customers.

Businesses that are purely in the 'ideas' stage won't have quite enough energy to be read in the Akashic Records.

Established businesses are even more energetically readable in 3D, 4D and 5D -- so this reading is also for you if you intend to grow your existing business!

Visit the [Soul Star Reading for Entrepreneurs page](#) to see a package where you can book both readings for a discount.

### 12. GENERAL AKASHIC READINGS

How this whole thing started -when Sarah's energy **opened to the Akashic Records in 2010** and she began to give General Readings to clients.

Bring a list of questions, choose a half-hour, 45-minute or 1-hour reading and ask away.

## HOW TO PREPARE FOR AN AKASHIC RECORDS READING WITH SARAH

Any Akashic Reading you have with Sarah will involve connecting with your Personal Energy Field.

Sarah reads your energy remotely and during calls to compile any of your readings.

When you submit your personal details before she reads with you (name, date of birth, place of birth), Sarah ensures she can read for you accurately by attuning to your Akashic Records with your personal information.

Think of your Akashic Records as your personal data 'cloud' or file. You are physically a part of this file, too, and all your data is stored as *emotional energy*.

Your emotional energy is activated when you have a reading, you might feel 'goosebumps', chills, or a sense of energy moving – because it is!

Come prepared for your reading to get the most out of your investment of time and money.

Before your reading make sure you are prepared by...

- **Making notes on any questions you want to ask** (this applies to General Readings, Life Lesson Readings, Chakra Readings). You can always send any questions that you have to Sarah before your reading.
- **Having some water handy.** It's always good to be hydrated when working with energy.
- **Checking that your tech works!** If you are using Zoom or a video chat connection that is new to you, play on the device you will be using with a friend beforehand. That way, you won't waste minutes of your reading trying to get things to work.
